Subject: RE: We need to try to put a hold on OPW 51873 or have it held over...the exhibit needs to be adjusted

Importance: High

Buster and Sandie – Please withdraw Necessity Ordinance OPW 51873 from the City Council Meeting tomorrow until I get the Exhibit straightened out. We will resubmit with new Exhibit when appropriate.

Thank you for your help in this matter.

Mark~

It is on first reading tomorrow. You can send an e-mail to either Buster or I requesting that it be withdrawn, or that the second reading and public hearing be laid over to a date certain. Unless you know for sure when you will have the correct exhibit, I would recommend that you request to have it withdrawn.

Sandie

Sandy – I just found out from Tim that OPW 51873 needs to be held or delayed or held over. The exhibit has come into question and since this is BNSF and we're expecting a fight anyway so we want to be very clear about our exhibits. Do I need to talk with Buster directly?
